

# Juvenile Fire Prevention Program

Early intervention for youth up to the age of 18 displaying recurring interest and/or engagement in firesetting behavior.

**Program Goals:** Reduce the overall problem of firesetting by working with juvenile firesetters to identify underlying issues and provide intervention to minimize firesetting behaviors.

**The Juvenile Fire Prevention Program team will...**

- Assess identified juveniles and their families to determine the motivation for the behaviors.
- Categorize the risk of future firesetting using self-report inventories.
- Provide fire safety education to learn the proper uses of fire and its associated dangers.
- Provide counseling services to address individual or family needs that may contribute to firesetting behaviors.
- Provide referrals for further treatment.

To find out more about the program, visit [www.BCJFPP.org](http://www.BCJFPP.org).

## OUR PHILOSOPHY

Coping skills and strengths developed in childhood carry into adult life, helping individuals reach their full potential.

With this in mind, we strive to deliver programming and resources that assist individuals in navigating our complicated world.
